

YGI Series Gauge Isolator

These gauge isolators are used with pressure gauges to prevent damage from shocks. These gauge isolators automatically vents the gauge to tank when gauge reading is not required, and it increases pressure gauge life.

With multi station gauge isolator multiple pressure can be read on single gauge by indexing and pressing isolator knob.

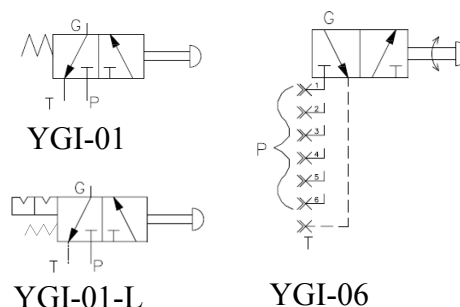

Features

- Panel mounting design.
- Isolator body made out of high grade cast iron.
- Suitable for petroleum and mineral based oils.
- G $\frac{1}{4}$ port connection.

Specifications

Model Numbers	Max.Working Pressure kgf/cm ²	Max.Operating Temp. °C	Mass kg (Approx)
YGI-01-*	210	80	0.5
YGI-06			1.8
